

KEEPING THE PRIDE IN 14215.

At Westminster Community Charter School, we believe in our students, their families, and the community we call home. Even after nearly two decades, we still see every academic year, every semester, and every class as an opportunity to improve, to challenge one another, to grow. From scholarships to wellness initiatives, technology resources to empowering programs for parents, Westminster has become so much more than a school—it's the pride of our community.

Explore becoming a Westminster lion—visit our website to learn more about our curriculum.
